Hi everyone, in this post I'd like to tell you what I Have done that last
week.

# How my week was spent.

So, it's been a pretty busy week. A lot happened during those days. First
of all, it was my friend's birthday. That day we went on a quest and had
pizza. That's the most interesting thing that happened this week.

# What I have realised?

I realized that I need to go on more quests. They really help to overcome
some fears and allow you to fully immerse yourself in the terrifying
atmosphere.

# How this realisation can help me in future?

I'll be going on more quests. They really help me understand what it is I'm
afraid of. I'll also have a good time with my family or friends.

# How to deal with mistakes?

Keep them out.
